

The Gift Corner received a donation of “Mom’s China” from Tammy MacDonald. Displayed are a number of pieces of (Johnson Bro. Willow pattern) preowned dishes. Thanks to some advertising there has been quite a bit of interest shown. Nice to be able to purchase one or two pieces to replace chipped or broken items in existing sets. To be an authentic “Willow Pattern” the item must have willow trees, Chinese pine trees, a bridge with three men on it, a boat, teahouse (pagoda) and two birds in flight.

Marilyn receives \$2000 from Ursula & Fritz Schaer toward the new X-Ray machine. Ursula stated that this donation was made instead of an Eightieth Birthday party for herself. A great way to celebrate.
